

ANNIVERSARY
IMol
SYMPOSIUM
2022

Molecular mechanisms
of health and disease

April 27th

Warsaw | 18 Żwirki & Wigury Str.

11.00 AM – 5.30 PM

Keynote Speaker

Prof. Peter Rehling

The University Medical Center Göttingen
Germany

As the International Institute of Molecular Mechanisms and Machines (IMol PAN),
we have a pleasure to invite you to IMol Anniversary Symposium
to be held on April 27th, 2022 in Warsaw, Poland.

Through a real-life assembly of experts in molecular, cellular and structural biology, we aim to facilitate the discussion on the fundamental biological processes and organismal function in health and disease. The annual IMol symposium is a unique forum for presenting our research and bringing together established and early career researchers to discuss new developments in science. The meeting will feature a Keynote talk from Prof. Peter Rehling, invited presentations from Drs. Sebastian Glatt, Kinga Kamieniarz-Gdula and Krzysztof Szade, together with talks given by several IMol group leaders.

We encourage participation from all members of the scientific community across Poland and beyond!

Speakers

Piotr
Gerlach, PhD
IMol, Warsaw

Sebastian
Glatt, PhD
MCB, Cracow

Kinga
Kamieniarz-Gdula, PhD, DSc
UAM, Poznan

Anna
Marusiak, PhD
IMol, Warsaw

Krzysztof
Szade, PhD
UJ, Cracow

Karolina
Szczepanowska, PhD
IMol, Warsaw

Organizers Abdelhalim Azzi, PhD & Maciej Cieřła, PhD
